

LABORATORIES, INC.
Geotechnical & Materials Engineers

Environmental Services

- Environmental Site Assessments (Phase I)
- Subsurface Contamination Assessments (Phase II)
- Design of Piezometer and Monitoring Wells
- Drilling and Sampling for Hazardous Materials
- Groundwater Gradient Studies
- Underground Storage Tank Assessment & Removal
- New** ● Asbestos Consulting & Management Services
- New** ● Lead Consulting & Management Services
- New** ● Industrial Hygiene/Indoor Air Quality Services (Mold)

Geotechnical Engineering

- Site Investigation and Evaluation
- Pile Drivability / Pile Capacity Studies
- Pile Load Testing
- Machine Foundation Analysis
- Settlement Analysis
- Slope Stability Analysis
- Soil Stabilization Recommendations
- Pavement Analysis and Design
- Dewatering
- Groundwater Studies
- Seepage Analysis
- Soil Anchors
- Reinforced Earth Support Systems
- Retaining Walls
- Excavations
- Forensics
- Foundation Analysis
- Geologic Fault Studies

Offices:

- Houston, Texas
713-695-1133
- League City, Texas
281-332-8378

Construction Materials Engineering and Testing (CMET)

Earthwork

- Proof Rolling
- Drilled Pier / Spread Footing Inspection
- Soil Stabilization Testing
- Compaction Testing

Concrete

- Mix Design Analysis
- Batch Plant Quality Control
- Cast-In-Place Concrete Inspection
- Post Tensioning
- Prestress/Precast Inspection
- Masonry Inspection & Testing
- Concrete Coring

Structural Steel

- Fabrication Shop Inspection
- CWI Weld Inspection
- Bolt Tensioning Testing
- Reinforcing Steel Inspection
- Nondestructive Examination

Asphalt

- Plant Inspection
- Laboratory Testing & Analysis
- Laydown Monitoring
- Asphalt Coring
- Asphaltic Concrete Design
- Pavement Evaluation

Specialty Services

- Roofing System Inspection
- Fireproofing Testing & Inspection
- Rebar Detection System
- EIFS Installation Inspection

Non-Destructive Testing (In-house & Field Services)

- Radiography and X-Ray
- Ultrasonic
- Magnetic Particle
- Liquid Penetrant
- Concrete Inspection
- Welder Qualification
- Hardness Testing
